

# PECS

## WHAT IS PECS?

- PECS is a communication system using photographs or symbols
- It can be used with children with a range of learning difficulties
- PECS is a mobile communication system which can be used in various different situations

## WHY DO WE USE PECS?

- It allows the children to communicate and make choices
- It can be used in lots of different ways and be adapted to an individual child
- It provides the ability for a child to spontaneously interact with another

**PECS is used as part of a Total Communication approach at Warmley Park**
