

School Council 9th January 2017

          
Lisa came to the School Council and listened to what the students

        
wanted to tell her The students wanted an automatic door

         
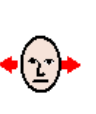

to get in and out of the hall and mirrors in

        
the corridors so that they could see who is

          
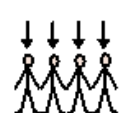

coming round the corner. Safety in the car park was talked about.

            
The students were told they could buy a box of red noses for

        
Red Nose Day. The students showed Lisa a video

       
they had made about not using mobile phones in school.

            
The students showed Lisa their anti-bullying poster. Lisa liked it and asked that

    
everyone be able to see it.
