

  
School Council Meeting 21st February 2017

          
School Council talked about making dinner times better at school.

           
The new automatic doors in the hall are great. School Council would

             
like new tables and everyone to be quieter when they are eating.

      
Lisa is going to think about this.
