SCHOOL HEALTH NURSE CATRIN WREN– MESSAGE FROM LISA PARKER HEAD TEACHER

Our School Health Nurse Catrin Wren is being seconded to UWE for one year from January 2018, to undertake her Specialist Community Public Health Nursing Qualification. We appreciate that you may have some concerns about the nursing provisions during her absence and would like to reassure you that her role will be shared by two very experienced School Health Nurses who are familiar with Warmley Park School. This means that the care your child currently receives should not be interrupted and you will have access to advice and support as you do now. If you do have any concerns about the nursing provision during this period please contact Pat Carr on 01454 862363.

DROP OFF/PICK-UP AT SCHOOL

As a school we always look carefully at our systems to check whether they are safe and provide the best physical environment for our pupils. We have noticed that our system for drop off and pick up of pupils at the start and end of the day needs clearer direction, so our Higher Level Teaching Assistants will be on hand at the main gate from January to support with safe entry into the car park and safe parking.

Spare Clothes

Over the festive period if you are making a little room in the wardrobe, we would really appreciate any spare items of primary size clothes you may have that are no longer required.

We particularly need primary size clothes, however if you have any other spare clothes they always come in useful around school.

Thank you

School Photographs

If you haven't already returned your School photograph order please can we ask that you send them into the School Office by Monday 11th December.

Thank you
