The Sensory Support Service is part of the South West's Special Educational Needs and Disabilities (SEND) provision. Bristol City Council manages the Sensory Support Service for the joint local authority areas: Bristol, North Somerset, Bath and North East Somerset (BANES) and South Gloucestershire.

Parents, carers, professionals alongside children and young people with sensory needs in the west of England, are being asked to share their views about how to improve support in a consultation launched last week (Wednesday, 9th October 2019). This consultation closes on December 4th 2019. Please use the link below to voice your views:

Thank you to everyone who came along to support our MacMillan Coffee Morning. We hope you enjoyed all of the lovely cakes you helped us raise **£110**, thank you for your support.

Following on from the success of previous years, we are supporting the "Operation Christmas Child " Shoebox Appeal again this year. Since 1990, more than 146 million children in over 150 countries have experienced, for perhaps the first time, the joy of receiving a gift at Christmas. We will be providing the Operation Christmas Child *empty* shoeboxes this year, so please, if you would like to, fill them with appropriate items and return them to school by Friday 15th November 2019. Thank you. For more information, please visit:
